EXECUTIVE COMMITTEE MEETING

East Lansing, June 11, 2014

Members Present:

Jim Derocher, Negaunee
Scott Grimes, Grand Haven
Vic Michaels, Detroit
Carmen Kennedy, St. Clair Shores
Steve Newkirk, Clare

Staff Members Present:

Tom Rashid
Jack Roberts (Recorder)

Executive Committee Authority and Responsibility – The Executive Committee reviewed its authority under Article VII of the MHSAA Constitution and specifically its responsibility to consider each application for waiver of an eligibility requirement on its individual merits, determining if the regulation serves the purpose for which it was intended in each case or if the regulation works an undue hardship on any student who is the subject of a request for waiver. (These underlying criteria may not be restated for every subject of these minutes.)

The Executive Committee was reminded that it was the responsibility of each member school involved to provide sufficient information about the specific request for the Executive Committee to reach a decision without further investigation. If information is incomplete, contradictory or otherwise unclear or has been received too late to be studied completely, the Executive Committee may deny the request for waiver or delay action. Such requests may be resubmitted to the Executive Committee with additional information at a subsequent meeting or appealed to the full Representative Council.

It is possible that some of the information presented as facts to the Executive Committee by school personnel and others may be inaccurate. However, to avoid constant repetition in this report of phrases such as “it was alleged” or “it was reported,” no attempt is made in the introduction of each waiver request to distinguish between truth, allegation, hearsay, opinion, summary or conclusion. If any information provided to the Executive Committee is inaccurate, any decision of the Executive Committee to grant waiver of a regulation shall be null and void.

The Executive Committee is not authorized to approve waiver based on alleged or actual differences between schools based on “environment,” demographics, curriculum or extracurricular offerings. A determination of undue hardship is a matter addressed to the discretion of the Executive Committee within the educational philosophy and secondary role of voluntary extracurricular competitive athletics in the academic environment. The Executive Committee will avoid making exceptions that would create precedent that effectively changes a rule without Representative Council action or local board of education adoption, which would exceed Executive Committee authority. The contract the MHSAA has with member schools obligates the MHSAA to not change rules during the school year.

Students for whom waiver of a particular regulation is approved must be eligible in all other respects under all sections and interpretations of the regulations prior to their participation.

Adoption of these regulations, as well as policies, procedures and schedules of MHSAA tournaments, is a choice schools make locally when they consider their option of MHSAA membership. Consistent with rulings of the Attorney General and Michigan Supreme Court, schools are not bound by the decisions of the Executive Committee, but the association may limit participation in the post-season tournaments it sponsors to those schools which choose to apply rules and penalties as promulgated by the MHSAA and adopted by each member school’s board of education. The MHSAA exercises no independent authority over schools or students.

Clarkston-Everest Collegiate, Auburn Hills Christian and Waterford-Our Lady of the Lakes High Schools (Regulation I, Section 1[E]) – The Executive Committee approved the addition of Auburn Hills Christian to a cooperative program which currently exists between Everest Collegiate and Our Lady of the Lakes in boys soccer. The combined 2014-15 enrollment is 330 students, placing one team in the Division 4 tournament. Everest Collegiate will continue as the primary school. Support from the Catholic High School League was received.

Detroit Community and Detroit-University YES Academy High Schools (Regulation I, Section 1[E]) – The Executive Committee tabled an application for a cooperative program in football between these two schools whose combined 2014-15 enrollment is 675 students. Detroit Community sponsored football previously and would be the primary school. University YES is in its first year of MHSAA tournament eligibility in 2014-15. Support from the Michigan Metro Athletic Conference has not been received.

Flint Southwestern Academy and Flint—Carman-Ainsworth High Schools (Regulation I, Section 1[F]) – The Executive Committee approved a cooperative program in boys and girls swimming & diving between these two schools whose combined 2014-15 enrollment of 2,381 students will continue placement of a team in the Division 1 tournament. Both schools sponsored swimming previously; Carman-Ainsworth in a cooperative agreement with Flushing, which has dissolved. Carman-Ainsworth will be the primary school. Support from the Saginaw Valley High School Association was received.

Imlay City and Dryden High Schools (Regulation I, Section 1[E]) – The Executive Committee approved a cooperative program in wrestling between these two schools whose combined 2014-15 enrollment of 852 students will place a new team in the Division 2 tournament. Imlay City sponsored wrestling previously and will be the primary school. Support from the Genesee Area and Blue Water Conferences was submitted.

Oscoda, Lincoln-Alcona and Tawas Area High Schools (Regulation I, Section 1[F]) – The Executive Committee approved a cooperative program in girls and boys swimming & diving between these three schools whose combined 2014-15 enrollment of 1,036 students will continue placement of a team in the Division 3 tournament. Oscoda sponsored swimming previously and will be the primary school. Support from the Independent Swimming Conference and approval from all three schools' administration and Boards of Education was received.

Ashley High School (Regulation I, Section 9) – A request to waive the transfer regulation was made on behalf of a 10th-grade student who is transferring from Ovid-Elsie to alleviate having four children in the same residence attending two schools (Ovid-Elsie and Ashley). To begin the 2011-12 school year, two cousins of this student (current 9th- and 3rd-graders) from Beaverton moved in with their grandparents in Ashley when both parents were killed in an automobile accident. In February 2014, the grandmother suffered a stroke and the grandfather entered a care facility, at which time the cousins moved in with an aunt and uncle who reside in Ovid-Elsie. The student participated in athletics at Ovid-Elsie and has an elementary age sibling who will also be enrolling at Ashley.

The Executive Committee approved the request for waiver.

Byron Center High School (Regulation I, Section 9[C]) – A request to waive the transfer regulation was made on behalf of a 10th-grade student who previously attended Grand Rapids-South Christian and participated in the cooperative swimming & diving program between these schools and Caledonia as a 9th-grade student. The student intends to enroll at Byron Center to begin the 2014-15 school year. Support for the transfer was presented from South Christian.

The Executive Committee approved the request for waiver for swimming & diving only until Jan. 19, 2015.

Climax-Scotts High School (Regulation I, Section 9) – A request to waive the transfer regulation was made on behalf of a 12th-grade married student whose high school age spouse gave birth to a child in November 2013. The student was residing with his wife, child and in-laws in the Galesburg-Augusta School District. In April 2014, the student was overwhelmed with his responsibilities and returned to his mother's home in Galesburg for three weeks and attended Galesburg-Augusta High School for six school days (Mar. 25-April 2, 2014). The student then returned to his in-laws and his family and reenrolled at Climax-Scotts on April 14, 2014. Except for six days in April 2014, the student was enrolled at Climax-Scotts since the second semester of the 9th grade (January 2011).

The Executive Committee approved the request for waiver.

Dearborn Heights-Annapolis High School (Regulation I, Section 9) – A request to waive the transfer regulation was made on behalf of a 12th-grade student who previously attended Annapolis High School for three semesters in the 9th and 10th grades and three semesters at Gibraltar-Carlson where the student did not participate in athletics. The student lived with both parents and is now moving to the same residence as previously but with her father only. The student will be reenrolling at Annapolis to begin the 2014-15 school year. The parents are not divorced.

The Executive Committee did not approve the request for waiver.

Leland High School (Regulation I, Section 9[D]) – A request to waive the transfer regulation to permit eligibility on the 91st school day of enrollment was made on behalf of an 11th-grade student who attended Leland for the 9th grade in 2012-13 and participated in the tennis cooperative program. The student attended Traverse City West for the 10th grade, completed the second trimester and reenrolled at Leland on March 17, 2014.

The Executive Committee approved the request for waiver effective with the student's 91st school day of enrollment at Leland starting March 17, 2014.

Maple City-Glen Lake High School (Regulation I, Section 9) – A request to waive the transfer regulation and specifically Interpretation 61 (public school of residence) was made on behalf of an 11th-grade student whose parents built a new home and relocated to the bordering Benzie Central School District in January 2014 and enrolled a 6th-grade sibling in the Glen Lake Schools. The student continued to attend Flushing High School and will enroll at Glen Lake to begin the 2014-15 school year. The father moved to Benzonia in August 2013, followed by the mother and 6th-grade sibling.

The Executive Committee did not approve the request for waiver.

Mattawan High School (Regulation I, Section 9[C]) – A request to waive the transfer regulation and specifically Interpretation 61 (public school of residence) was made on behalf of an 11th-grade student who previously attended Kalamazoo-Hackett Catholic Central and participated in the swimming & diving cooperative program between these two schools. The student is changing residences with her family into the Paw Paw School District and enrolling at Mattawan to begin the 2014-15 school year. Support for eligibility was submitted from Hackett Catholic Central.

The Executive Committee approved the request for waiver for swimming & diving only until Jan 19, 2015.

Olivet High School (Regulation I, Section 9) – A request to waive the transfer regulation and specifically Interpretation 61 (public school of residence) was made on behalf of an 11th-grade student whose family is relocating to Eaton Rapids due to the father's employment which requires residency very near or in Eaton Rapids. The student and a 9th-grade sibling are enrolling at Olivet.

The Executive Committee approved the request for waiver.

Owendale-Gagetown High School (Regulation I, Section 9) – A request to waive the transfer regulation and specifically Interpretation 61 (public school of residence) was made on behalf of a 10th-grade student who attended Owendale-Gagetown Schools from the 6th grade to a portion of 8th grade before being placed in a detention center in Albion on Dec. 20, 2012 as an 8th-grader. The student has returned to his parents' home in the Unionville-Sebewaing School District and reenrolled in his former school district (Owendale-Gagetown) but not his school of residence.

The Executive Committee approved the request for waiver.

Powers-North Central High School (Regulation I, Section 9) – On April 23, 2014, the Executive Committee tabled a request to waive the transfer regulation to permit eligibility on the 91st school day of enrollment made on behalf of a 9th-grade student who previously attended Bark River-Harris before enrolling at North Central on March 10, 2014. An allegation that the change of schools was primarily for athletic reasons was submitted by the former school and was being processed by MHSAA. On May 2, 2014, the executive director presented a finding that the student's transfer was primarily for athletic reasons and the student will be ineligible for 180 scheduled school days. The school appealed the decision of the executive director and submitted additional information for consideration by the Executive Committee that appeared to request eligibility on the 91st school day of enrollment or Jan. 19, 2015 (MLK Day).

The Executive Committee tabled the appeal of the executive director's decision related to an athletic-related transfer and also the request for waiver of the transfer regulation, asking that the student's former school be allowed an opportunity to respond to the information provided by North Central subsequent to May 2, 2014.

Rochester-Adams High School (Regulation I, Section 9) – A request to waive the transfer regulation was made on behalf of an 11th-grade student whose family relocated from Mexico to the Rochester-Adams attendance area when the father transferred jobs in January 2014. The student was enrolled at Rochester High School which houses the English Language Learning program for the district. Having completed that program, the student will be enrolling at his school of residence, Adams High School, to begin the 2014-15 school year. The student did not participate in athletics while at Rochester High School during the second semester of 2013-14.

The Executive Committee approved the request for waiver.

Utica High School (Regulation I, Section 9) – A request to waive the transfer regulation was made on behalf of a 10th-grade student who previously attended Macomb-Lutheran North and is transferring to Utica, his school of residence, because of conduct he experienced at Lutheran North. The student played football previously and intends to enroll to begin the 2014-15 school year.

The Executive Committee did not approve the request for waiver.

Waterford Mott High School (Regulation I, Section 9) – On April 23, 2014, the Executive Committee did not approve a request to waive the transfer regulation on behalf of an 11th-grade student who previously attended Waterford Kettering, a school of the same district, and enrolled at Waterford Mott on April 1, 2014, due to significant stress as a result of his relationship with the basketball coach at Waterford Kettering. The student has consulted medical professionals. The school submitted specifics on the coach's conduct, support from a former assistant coach, and a letter of concern from a teammate's parent.

As a general principle, the Executive Committee will not approve waivers of the transfer regulation following coach-player disagreements or incompatibility. Because of extenuating circumstances, including that this is a transfer between schools of the same school district, the Executive Committee approved the request for waiver effective with the student's 91st school day of enrollment at Waterford Mott High School starting April 1, 2014.

Subvarsity Waiver Requests Meeting All Conditions of Section 9(B) – The Executive Committee approved immediate eligibility at the subvarsity level for the following transferring 9th- or 10th-grade students (after entering 9th grade, before completing 10th grade) **who have not previously participated in an interscholastic scrimmage or contest in any MHSAA sport at the high school level** (whether MHSAA member schools or not) and who do not qualify for one of the 15 stated exceptions to the transfer regulation and have transferred for reasons having nothing to do with athletics, discipline or family finances and would not require Executive Committee evaluation or comparison of school demographics or curriculum:

Requesting High School	Grade	Former High School	Date of Enrollment	Length of Subvarsity Eligibility Status
Berkley	10	Detroit-U of D Jesuit	Sept. 2, 2014	Jan. 19, 2015

Approved International Student Programs – Exception 4 of Regulation I, Section 9(A) allows immediate eligibility for one academic year for an otherwise eligible international student on either a J-1 or F-1 visa who is placed in a residence in a public high school district or school service area by an MHSAA Approved International Student Program, which is one that has been accepted for listing by the Council on Standards for International Educational Travel (CSIET) and the MHSAA for the current school year.

The Executive Committee reviewed and approved the CSIET's 55 J-1 Inbound Listed Programs and 29 F-1 Inbound Listed Programs for 2014-15. No programs were removed for MHSAA purposes. See Appendix "1."

The Executive Committee also approved the following additional program for which CSIET did not have a review process for 2014-15 and 2015-16: Grosse Pointe Woods-University Liggett School (maximum of five international students will be allowed to participate on varsity level interscholastic teams during any academic year).

The Executive Committee did **not** approve the application of a program which has had an opportunity to be considered by CSIET in both 2013-14 and 2014-15 but has failed to access that opportunity. In addition, this program's operation has created questions relative to compliance by schools with MHSAA eligibility regulations and with Federal law relative to the one-year enrollment limit on F-1 students in public schools.

East Grand Rapids High School (Regulation II, Section 11[H]) – Pursuant to Interpretation 237, a request to waive the three-/four-player rule for the 2014-15 school year was made on behalf of the assistant boys and girls swimming & diving coach who is employed full-time by the East Grand Rapids Aquatics USA Swim Club. The program will have approximately 230 participants ages 6-18 of which approximately 100 are East Grand Rapids students in grades 7-12. Participants come from five other schools or districts (Grand Rapids-Catholic Central, Grand Rapids Christian and Forest Hills). A similar request has been approved for this coach and program since 2012-13.

The Executive Committee approved the request for waiver for this coach for the 2014-15 school year.

Hartland High School (Regulation II, Section 11[H]) – Pursuant to Interpretation 237, a request to waive the three-/four-player rule for the 2014-15 school year was made on behalf of the head girls varsity swimming coach who is employed full-time by the Hurricane Swim Club and is also a year-round water safety instructor and lesson coordinator for Hartland Community Education. The Hurricane Swim program is open to students ages 5-18 and anticipates 100-150 participants from six school districts including Hartland (Brighton, Linden, Milford, Howell and Fenton). It is estimated that 20-25 of the participants are Hartland students in grades 7-12. A request for this coach and this program has been approved yearly since the 2011-12 school year.

The Executive Committee approved the request for waiver for this coach for the 2014-15 school year.

Regulation III, Section 1(C) – Pursuant to 2013-14 *Handbook* Interpretation 262, the Executive Committee approved waiver of the enrollment regulation for the following junior high/middle schools to permit 6th-grade students to participate with and against 7th- and/or 8th-graders for the sports listed in the 2014-15 school year only (unless otherwise indicated below).

- * The Executive Committee directed staff to alert these schools that a similar request for waiver will not be approved for 2015-16 without additional information and demonstration of need.

Battle Creek-Northwestern and Battle Creek-Springfield Middle Schools (Regulation III, Section 1[D]) – The Executive Committee approved a cooperative program between these two middle schools of the same district in the following sports: girls volleyball, football, boys and girls basketball, boys and girl swimming & diving, wrestling, boys and girls tennis and boys and girls track & field. Both schools sponsored these sports previously with low participation. Northwestern will be the primary school.

Multimedia Regulations – The Executive Committee approved the MHSAA's policies and procedures for audio and video coverage of events involving MHSAA member schools during 2014-15.
