

Student Created Content From Sportsmanship Summit 2006

During the 2006 Sportsmanship Summit series, students were asked to help the MHSAA develop a resource to promote sportsmanship. Among other things, the students developed slogans for promoting sportsmanship, they wrote public address announcements to be read by students before games, and they collected a list of positive chants and cheers that could be used by school cheering sections.

Below is a list of the best ideas from the Summits. Some ideas are brand new, while others have already proven to be effective in schools. Please use this resource to help promote sportsmanship at your school.

Attitude matters – Set the tone.

Sportsmanship: Make it happen!

PUBLIC ADDRESS ANNOUNCEMENTS

First of all I'd like to thank everyone for coming. We appreciate your support. The MHSAA would like to remind you to keep everything positive. Although winning is important, sportsmanship is the number one aspect to any game. Sportsmanship goes beyond the court and up into the stands. Thank you and good luck.

While you are watching or participating in this sporting event, the MHSAA asks that you engage in positive encouragement. We request that everyone set a good example both on and off the court for great sportsmanship. Put yourself in the players, officials, and family member's position and ask yourself this question: "Are you representing your community to your fullest potential?" And remember.... "You can be part of the solution!"

Not showing good sportsmanship is totally lame;
Be sure to respect the players, coaches and the game.
Respect your opponents, don't put them down;

Then you'll be wearing that sportsmanship crown.
Parents stop yelling, you gotta' chill;
Stop getting all up in the referee's grill.
Keep a level head before joining the fray,
And follow the rules set down by the MHSAA.
