Times must be entered as FAT times to the hundredth (.00) with a small "a" after the time. Example 11.23a. Handheld times shall first be rounded up to the slower one tenth of a second (10.42 rounded to 10.5) The MHSAA regional handbook says to add +0.24 to handheld times. Do NOT do this. The .24 (or .14 for 300/400 races) is automatically added by athletic.net

Scratches: All scratches must be submitted by the times listed for each session. Scratches made during these periods will NOT count in the individual's participation limitations. However, if the competitor is not scratched during these scheduled periods and does not show to the clerking area before that runner's position is set, the competitor will be disqualified from that event and that event will count toward the competitor's personal limit.
